

Data Use Agreement

This is an agreement between Sigma Forge Ltd and KYAMK University of Applied Sciences regarding data shared for the registration of students from the Complete Unity Developer Course with KYAMK University of Applied Sciences.

KYAMK University of Applied Sciences confirms that the shared personal information will not be used for carrying out marketing or promotion of any product, or for any purpose other than granting university accreditation to the students.

The data will not be shared by KYAMK University of Applied Sciences with any third parties except as strictly necessary for granting accreditation to the students.

All personal information collected is for the sole purpose of identity verification during claims of accreditation.

All personal information will be stored securely, according to industry best practices and with all due care and precautions.

On behalf of Sigma Forge Ltd:

Brice Fernandes, Director
